**The Boil Water Notice issued on Wednesday, May 22, 2019 has been lifted effective today, Friday, May 24, 2019, for the Bunker Hill Water System.**

**What happened? What is being done? When will the problem be corrected?**

On May 22, 2019, there was a contractor-involved main break, which caused a loss of positive pressure in the Bunker Hill Water System. Two sets of samples were collected from the distribution system on Wednesday, May 22 and Thursday, May 23 and tested for total coliform bacteria. Satisfactory bacteriological results were received on Friday, May 24, 2019.

**It is no longer necessary to use boiled water or bottled water for drinking, making ice, brushing teeth, washing dishes and food preparation.**
